

AMOA Save the Rack Program

Be the first to turn a pool table *pink* in your locations and for a good cause...breast cancer awareness. The AMOA Promotion Committee is partnering with Championship Billiards, and has put together a turn-key Coin-Op Cares 'Save the Rack' kit for operators to use in their locations. This kit provides you with everything you need to show your local community that YOU are making a difference by supporting breast cancer awareness and includes a 'Promotional Kit' on ways you can take it a step further and give back locally to this very important cause that has touched everyone in some way.
